Background Discussion

The Manatee County Code contains the codification of the numerous no stopping, standing, and/or parking ordinances adopted by the Board of County Commissioners (BCC) since its first creation in Ordinance 92-52. Section 2-22-22 needed to be revised and readopted consistent with the actual designations adopted by ordinance. Consistency between the Manatee County Code and County Ordinance is important in order to provide citizens and law enforcement with proper notice of such restrictions and so that the appropriate law enforcement and parking code enforcement officials may lawfully enforce such restrictions. The Public Works Department has worked with the County Attorney's Office to develop this ordinance, which will create consistency between the Code and the County ordinances to re-adopt the entire section 2-22-22 of the Manatee County Code.
