COMMUNITY DEVELOPMENT DEPARTMENT**

TO: Mayor and City Commission

DATE: March 28, 2017

**SUBJECT: Second Reading and Adoption:
Proposed Fee Schedule Revision (Article 1, Section 4 of Appendix F) - To Modify Local Business Tax Receipts and Associated Processing Fees**

Tonight we are presenting the attached Ordinance to increase the local business tax receipts per Florida Statute for second reading and adoption. The City's Fee Schedule that determines the amount of local business tax, formerly known as occupational license fees, issued by the Community Development Department was revised in 2015 by Ordinance No. 15-05-1310 adopted on May 26, 2015 and subsequently amended by Ordinances 16-06-1330, 16-06-1333 and 16-09-1342. In 1995, the City established an Equity Study Commission pursuant to Section 205.0535(2), Florida Statutes, and also met the requirements of Section 205.0535(3), Florida Statutes by classifying the business types with associated fees into what is currently known as the "Local Business Tax Classification and Schedule". This schedule was adopted into the City's Code of Ordinances as "Appendix F-Fees" by Ordinance No. 95-7-891 on July 25, 1995. Pursuant to Florida Statute, once the conditions of Sections 205.0535(2) and (3) of the Florida Statutes are met (which they were as outlined above), municipalities may every other year thereafter increase by ordinance the rates of local business tax receipts by up to five (5) percent.

Therefore it is recommended that the local business tax fees be increased by 5% in 2017 as permitted by State Statute in order to cover the increased cost of service delivery. These costs include, but are not limited to, salary and benefits for employees including the Business Specialist responsible for implementing the licensing program and partial cost of Code Compliance officers, permitting clerks, and building inspectors who perform the occupancy inspections prior to issuing the license. The operational costs for this program also include office equipment, vehicle maintenance, office supplies, communication services and printing costs. The attached Ordinance adopts the following amendments;

- Increases all local business taxes by the statutory limit of 5%. (increase of less than \$10 per year for most of the businesses)
- Increases related to processing and inspection fees which are not limited to 5% by Florida Statute to cover cost of service delivery.

Upon approval of the revised fee schedule on second and final reading, the new fees will be applied to all renewals (issued for fiscal year 2017/18) of local business tax receipts and to all new local business tax receipts issued after the effective date regardless of the date on which the application was applied for. It is the recommendation of the City Administration that the effective date of no later than

Wednesday , July 1, 2017 be established to allow for an adequate notification period and for time to re-program the computers with the new fee schedule.

Since the first reading, we have made a revision on page 33 to correct the classification # for “operating without a local business tax receipt” to correspond with the classification # used by our computer system, MUNIS. We have researched the inquiry from our last meeting regarding the license tax for multi-family dwellings. The fee is classified as “Owner, residential rental property per unit” and is proposed to increase by 49 cents per unit which equates to 25 cents a year if passed on to the occupant.

The City Commission met on March 14, 2017 and approved of this Ordinance on first reading by majority vote.

RECOMMENDATION:

The City Administration recommends Commission’s approval on second reading and adoption of the attached ordinance amending Appendix F “Fees” of the City of North Lauderdale Code of Ordinances to reflect increases in the local business tax fees.
