Elkay EZH2O Retrofit Kit, Wall Mount, Single Level, Gray, For Water Refilling Station

The EZH2O provides one solution for all drinking water needs. Great for education, fitness clubs, healthcare and hospitality facilities. Whether to fill a sport bottle or just grab a quick drink from the water fountain, EZH2O meets all needs in one location.

EZH2O can attach to an existing Elkay EZ style (115V/60Hz, push-bar activated, single and bi-level units) water cooler, and transform it into a new bottle filling station. Please review installation instructions for specific requirements. Minimal re-piping is required.

Retrofit Attaches to EZ/LZ Style Pushbar Activated Coolers
