SECTION 1. Chapter 30 - UTILITIES, Article III – WATER SERVICE, Division 4 – WATER CONSERVATION, Section 30-133 – Restrictions on landscape irrigation is hereby amended as follows:

63 **Section 30-133** ~~Restrictions on landscape irrigation~~ **WATER CONSERVATION ORDINANCE**

65 (a) ~~For landscape and irrigation, the city shall follow the restrictions set forth by the South~~
66 ~~Florida Water Management District as established by Chapter 40E-24, F.A.C. not otherwise~~
67 ~~stated herein.~~

68 (a) Intent and purpose.

69 It is the intent and purpose of this Section to implement procedures that promote water
70 conservation through the efficient use of landscape irrigation.

71 (b) Definitions.

72 For the purpose of this Section, the following terms, phrases, words, and their derivatives shall
73 have the meaning listed below. When not inconsistent with the context, words used in the present
74 tense include the future, words in the plural include the singular, and words in the singular include
75 the plural.

76 (1) “Address” means the “house number” (a numeric or alphanumeric designation)
77 that, together with the street name, describes the physical location of a specific
78 property. This includes “rural route” numbers, but excludes post office box
79 numbers. If a lot number in a mobile home park or similar community is used by
80 the U.S. Postal Service to determine a delivery location, the lot number shall be
81 the property’s address. If a lot number in a mobile home park or similar residential
82 community is not used by the U.S. Postal Service (e.g., the park manager sorts
83 incoming mail delivered to the community’s address), then the community’s main
84 address shall be the property’s address. If a property has no address, it shall be
85 considered “even-numbered.”

86 (2) “Athletic Play Area” means all golf course fairways, tees, roughs, greens, and other
87 athletic play surfaces; including, football, baseball, soccer, polo, tennis, and lawn
88 bowling fields, and rodeo, equestrian, and livestock arenas.

90 2, F.A.C., authorizing the consumptive use of water.

94 or rights-of-way or other locations with no address, or the letters A-M.

95 (6) “Existing landscaping” means any landscaping which has been planted and in the

- 96 ground for more than ninety (90) days.
- 97 (7) “Landscaping” means shrubbery, trees, lawns, sod, grass, ground covers, plants,
98 vines, ornamental gardens, and such other flora not intended for resale, which are
99 situated in such diverse locations as residential landscapes, recreation areas,
100 cemeteries, public, commercial, and industrial establishments, public medians,
101 and rights-of-way, except athletic play areas, as defined in Section 2(2).
- 102 (8) “Landscape Irrigation” means the outside watering of shrubbery, trees, lawns, sod,
103 grass, ground covers, plants, vines, ornamental gardens, and such other flora not
104 intended for resale, which are planted and situated in such diverse locations as
105 residential landscapes, recreation areas, cemeteries, public, commercial, and
106 industrial establishments, public medians, and rights-of-way, except athletic play
107 areas.
- 108 (9) “Law Enforcement Officials” mans a certified law enforcement officer who is a duly
109 sworn office of the city police department, code enforcement officer, or such other
110 individual who qualifies as a law enforcement officer under F.S. 943.10(1).

112 with one (1) hose, fitted with a self-canceling or automatic shutoff nozzle.
- 113 (11) “Low Volume Irrigation” means the use of equipment and devices specifically
114 designed to allow the volume of water delivered to be limited to a level consistent
115 with the water requirement of the plant being irrigated, and to allow that water to
116 be placed with a high degree of efficiency in the root zone of the plant. The term
117 also includes water used in mist houses and similar establishments for plant
118 propagation. Overhead irrigation and flood irrigation are not included.
- 119 (12) “Micro-irrigation” means the application of small quantites of water on or below the
120 soil surface as drops or tiny streams of spray through emitter or applicators placed
121 along a water delivery line. Micro-irrigation includes a number of methods or
122 concepts, such as bubbler, drip, trickle, mist or microspray, and subsurface
123 irrigation.
- 124 (13) “New landscaping” means any landscaping which has been planted in the ground
125 for ninety (90) days or less.
- 126 (14) “Odd Numbered Address” means an address ending in the numbers 1, 3, 5, 7, 9,

 136 private or public utility systems, uses under water use permits issued pursuant to
 137 Chapter 40E-2, F.A.C., or uses from individual wells or pumps.
- 138 (17) “Wasteful and Unnecessary” means allowing water to be dispersed without any
 139 practical purpose to the water use; for example, excessive landscape irrigation,
 140 leaving an unattended hose on a driveway with water flowing, allowing water to be
 141 dispersed in a grossly inefficient manner regardless of the type of water use; for
 142 example, allowing landscape irrigation water to unnecessarily fall onto pavement,
 143 sidewalks, and other impervious surfaces; or allowing water flow through a broken
 144 or malfunctioning water delivery or landscape irrigation system.
- 145 (18) “Water Resource” means any and all water on or beneath the surface of the
 146 ground, including natural or artificial watercourses, lakes, ponds, or diffused
 147 surface water, and water percolating, standing, or flowing beneath the surface of
 148 the ground.
- 149 (19) “Water Shortage” means when the District determines there is the possibility that
 150 insufficient water will be available to meet the present and anticipated needs of the
 151 users, or when conditions are such as to require a temporary reduction in total use
 152 within a particular area to protect water resources from serious harm. A water
 153 shortage usually occurs due to drought.
- 154 (20) “Water Shortage Emergency” means when the District determines the provisions
 155 listed in Part II of Chapter 40E-21, F.A.C., are not sufficient to protect the public
 156 health, safety, or welfare, the health of animals, fish, or aquatic life, a public water
 157 supply, or commercial, industrial, agricultural, recreational, or other reasonable-
 158 beneficial uses.
- 159 (21) ~~(b) Residents and businesses with odd-numbered addresses (address ending~~
 160 ~~in the numbers 1, 3, 5, 7, 9, or the letters N – Z) may accomplish necessary landscape~~

161 irrigation only on Wednesday and/or Saturday before 10:00 a.m. or after 4:00 p.m. only.
162 No area may be irrigated more than twice per week.

163 ~~(22) (c) Residents and businesses with even numbered addresses (address ending~~
164 ~~in the numbers 0, 2, 4, 6, 8, or no address, or the letters A – M) and rights of way may~~
165 ~~accomplish necessary landscape irrigation only on Thursday and/or Sunday before 10:00~~
166 ~~a.m. or after 4:00 p.m. only. No area may be irrigated more than twice per week.~~

167 ~~(23) (d) Landscape irrigation shall be prohibited daily between the hours of 10:00~~
168 ~~a.m. and 4:00 p.m., except as provided herein. Watering restriction applies to all water~~
169 ~~sources for irrigation, such as utility, lake, pond, canal, well, etc. The use of low volume~~
170 ~~irrigation methods, including micro irrigation, container watering and hand watering with~~
171 ~~a hose and automatic shut off nozzle, is allowed any time. Irrigation using reclaimed water~~
172 ~~is allowed any time before 10:00 a.m. or after 4:00 p.m. only. Irrigation using harvested~~
173 ~~rainwater is allowed any time.~~

174 ~~(24) (e) Irrigation of new landscaping shall comply with the following provisions:~~

175 ~~(25) (1) On the day the new landscaping is installed, the new landscaping may be~~
176 ~~irrigated once without regard to the normally allowable watering days and times. Irrigation~~
177 ~~of the soil immediately prior to the installation of the new landscaping is also allowable~~
178 ~~without regard to the normal allowable watering days and times. The new landscaping~~
179 ~~shall be installed within a reasonable time from the date of purchase, which may be~~
180 ~~demonstrated with a dated receipt or invoice. Irrigation of new landscaping which has~~

184 ~~be accomplished on Monday, Wednesday, Thursday, and/or Saturday. The 90-day period~~
185 ~~begins the day the new landscaping is installed. Irrigation of the new landscaping is limited~~
186 ~~to areas containing the new landscaping only. An entire zone of an irrigation system shall~~
187 ~~only be utilized for landscape irrigation under this paragraph if the zone in question is for~~
188 ~~an area that contains at least 50 percent new landscaping. If a zone contains less than~~
189 ~~50 percent new landscaping, or if the new landscaping is in an area that will not typically~~
190 ~~be irrigated by an irrigation system, only the individual new plantings are eligible for~~
191 ~~additional irrigation under this paragraph. Targeted watering may be accomplished by low~~
192 ~~volume hand watering, or any appropriate method which isolates and waters only the new~~
193 ~~landscaping.~~

194 ~~(27) (f) Irrigation systems may be operated outside restricted hours for the purpose~~
195 ~~of system repair and maintenance, as well as landscape maintenance activities, such as~~
196 ~~required application of water to apply fertilizer, herbicides and pesticides.~~

197 ~~(28) (g) If the district imposes restrictions on landscape irrigation for new and existing~~
198 ~~installations, which are more restrictive than those imposed by this section or which~~
199 ~~specify different days than those herein specified, such more restrictive regulations or~~
200 ~~differently scheduled regulations shall apply in the geographic areas of the county subject~~
201 ~~to such regulations.~~

202 ~~(29) (h) All other uses of the water resources as defined in this article, including but~~
203 ~~not limited to commercial uses such as car washers, cleaning of structures such as barns,~~
204 ~~agricultural, nursery and golf course uses, shall be restricted pursuant to the rules, orders~~

205 ~~and regulations issued from time to time by the district, provided that water shall be cut~~
206 ~~off or shut off from use while the principal reason for its use is not being performed.~~

207 (c) Applicability.

208 The provisions of this Section shall apply to each user, as defined in paragraph (b)(16), providing
209 landscape irrigation from all water resources within the boundaries of the City of Hallandale Beach
210 with the following exceptions:

211 (1) The use of reclaimed water, which may or may not be supplemented from another
212 source;

222 apply to all water resources, unless otherwise indicated. In addition to the
223 requirements of this Section, all permitted users under Chapter 40E-2, F.A.C., are
224 required to maintain compliance with all CUP conditions and terms, including
225 requirements to implement water conservation practices.

226 (2) It shall be the duty of each user to keep informed as to the landscape irrigation
227 conservation measures within this Section which affect each particular water use.

228 (3) In addition to the specific conservation measures, all wasteful and unnecessary

240 a week, only on Thursday and/or Sunday.

242 opportunity to accomplish necessary landscape irrigation two (2) days
243 a week, only on Wednesday and/or Saturday.

262 contains at least 50% new landscaping. If a zone contains less than
263 50% new landscaping, or if the new landscaping is in an area that will
264 not typically be irrigated by an irrigation system, only the individual
265 new plantings are eligible for additional irrigation. Targeted watering
266 may be accomplished by low volume hand watering, as defined in
267 Section (b)(10), or any appropriate method which isolates and waters
268 only the new landscaping.

270 declared pursuant to Chapter 40E-21, F.A.C., or related District Governing Board
271 or Executive Director orders, which are more restrictive than a measure contained
272 within this Ordinance, shall supersede this Ordinance for the duration of the
273 applicable water shortage declaration.

274 (e) Exceptions to the Landscape Irrigation Schedules.

275 Landscape irrigation scheduling shall be subject to the following exceptions:

276 (1) Landscape irrigation systems may be operated during restricted days and/or times
277 for cleaning, maintenance, and repair purposes with an attendant on site in the
278 area being tested. Landscape irrigation systems may routinely be operated for
279 such purposes no more than once per week, and the run time for any one (1) test
280 should not exceed ten (10) minutes per zone.

281 (2) Landscape irrigation for the purpose of watering-in fertilizers, insecticides,
282 pesticides, fungicides and herbicides, where such watering-in is recommended by
283 the manufacturer, or by federal, state or local law, or best management practices,
284 shall be allowed under the following conditions:

285 (a) Such watering-in shall be limited to one (1) application, unless the need for
286 more than one (1) application is stated in the directions for application
287 specified by the manufacturer; and

288 (b) Such watering-in shall be accomplished during normally allowable watering
289 days and times set forth in Subsection (d)(4)(a) and (b), unless a professional

303 (g) Variances.

304 (1) A variance from the specific day or days identified in Subsection (d)(4)(b) may be
305 granted by the City Manager upon submittal of an application, letter explaining their hardship, and
306 the applicable fee if strict application of the restrictions would lead to unreasonable or unfair result;

308 in substantial economic, health, or other hardship on the applicant or those served by the
309 applicant. If granted, the applicant shall be required to post a notice at each parcel to which the
310 variance pertains. Relief may be granted only upon a demonstration that such hardship exists, is
311 peculiar to the person or the affected property, is not self-imposed, and further demonstrates that
312 granting the variance would be consistent with the general intent and purpose of this division.

313 (2) The City of Hallandale Beach recognizes all irrigation variances or waivers issued
314 by the District under Rule 40E-24.501, F.A.C.
