Introduction

The intent of this business item is to adopt Ordinance No. 22-2033, an amendment to the City Land Development Regulations to establish applicable Code provisions related to affordable housing, on second reading.

Background

Section 166.04151(1), Florida Statutes states:

Notwithstanding any other provision of law, a municipality may adopt and maintain in effect any law, ordinance, rule, or other measure that is adopted for the purpose of increasing the supply of affordable housing using land use mechanisms such as inclusionary housing or linkage fee ordinances.

Section 166.04151(6), Florida Statutes states:

Notwithstanding any other law or local ordinance or regulation to the contrary, the governing body of a municipality may approve the development of housing that is affordable, as defined in s. 420.0004, on any parcel zoned for residential, commercial, or industrial use. If a parcel is zoned for commercial or industrial use, an approval pursuant to this subsection may include any residential development project, including a mixed-use residential development project, so long as

at least 10 percent of the units included in the project are for housing that is affordable and the developer of the project agrees not to apply for or receive funding under s. 420.5087. The provisions of this subsection are self-executing and do not require the governing body to adopt an ordinance or a regulation before using the approval process in this subsection.

The proposed Ordinance provides an amendment to the City Land Development Regulations which adds a new Section 5.2.25 which provides that the City Commission may approve the development of housing that is affordable, as defined in s. 420.0004, on any parcel zoned for residential or industrial use within the city.

The proposed amendment contained in the Ordinance states:

Sec. 5.2.25. Applicability – Affordable Housing. This chapter applies to all development in the City, except for Affordable Housing projects approved pursuant to F.S. 166.04151(6), which states, in pertinent part, that notwithstanding any other law or local ordinance or regulation to the contrary, the governing body of a municipality may approve the development of housing that is affordable, as defined in s. 420.0004, on any parcel zoned for residential or industrial use. No development shall be undertaken except as authorized by this chapter. No structure shall be erected, converted, enlarged, reconstructed or structurally altered, nor shall any structure or land be used or occupied which does not comply with all the regulations established by this chapter for the district in which the building or land is located. When a violation of this chapter exists on any property, no development permits shall be issued for such property, except permits which are necessary to correct the violation or for necessary maintenance, until the violation is corrected.
