Member Builder

Member Builder

Every year associations work to ensure they are providing their members the most relevant services to guarantee their success.

OrdinanceWatch™ Member Builder is that kind of service!

Associations are constantly trying to promote their relevance and value to their members. It is sometimes difficult to quantify what the value is. Member services that provide direct evidence of your association's efforts are the most tangible evidence of what you do for them. OrdinanceWatch™ Member Builder is an association branded information service that will put your name in front of your membership. We do what no other member benefit can do. Help your members address the local government challenges they face.

For $2,500 annually, your association members can be alerted about issues in any of the 67 counties and 316 cities we monitor in the state of Florida. Additionally, all of your members will have access to your OW RSS feed at your Web site. It updates automatically and it hastle free.

This is an example of how your association branded Member Builder advisory will look. It can be designed and tailored to match your association's brand and can contain information about upcoming events that you can change in your My OrdinanceWatch account setup anytime.

Local Governments affect a wide range of interests.

OrdinanceWatch ™
NO SURPRISES. JUST SOLUTIONS.

Member Builder

As an Association Member Builder customer, you will be able to provide this valuable information service to your members. Here is how it works:

- We monitor 119 issue areas in all 67 counties and 316 cities in the state of Florida. When we find an issue on one of those agendas, we enter it into our archive and the information is filtered out to those subscribers whose account criteria match that issue.

- We will work with you to design an association branded issue page that will contain your contact information. Additionally, with our **announcement editor**, you will be able to populate information in a section of your issue page that promotes other events or services and change it whenever you want.

- We will set up an **OW RSS feed** for your Web site that contains a list of issues that are updated automatically when we enter new issues into our system. Your members will be able to click the links in this list and view the issues within your association branded advisory page.

- We will provide you with a coupon code that you can distribute to your members, allowing them to go directly to our website and tailor an advisory to their own interests.

- After your members have registered, they will begin receiving email advisories as issues matching thier interest critera are entered into our system.

It is as easy as that!

What Now?

You are two steps away from connecting with your members. Here is what you do to become an OrdinanceWatch™ Member Builder customer.

☑ Read the information packet.

☐ Decide to take advantage of Member Builder's valuable benefits.

☐ Send your order to Juliet Fogarty via email at juliet@ordinancewatch.com, or call 850.701.3099
